7. Evaluating Progress Toward Measurable Goals MCM 6

Use this page to report on your progress and project plans toward achieving measurable goals identified in your Stormwater Management Program Plan (SWMPP), including requirements in Part III.C.1. Submit additional pages as needed.

A. Briefly summarize the Measurable Goal identified in the SWMPP in this reporting period.

The Village has identified a program of Standard Operation Procedures for municipal programs including road maintenance, educational training, good housekeeping documentation, record keeping, inspection records, IPM practices, vehicle maintenance procedures, spill cleanup, and BMP for materials storage.

B. Briefly summarize the observations that indicated the overall effectiveness of this Measurable Goal.

The Village continues to provide a regular program of street sweeping and drainage structure clean out. The Village does not use fertilizer or pesticide products on Village Hall property, streets or within ROWs. A recently redeveloped baseball field is being treated with fertilizer and with herbicide as/when needed.

C. How many times was this observation measured or evaluated in this reporting period?

			1
--	--	--	---

(ex.: samples/participants/events)

D. Has your MS4 made progress toward this measurable goal during this reporting period?

Yes No

E. Is your MS4 on schedule to meet the deadline set forth in the SWMPP?

Yes No

F. Briefly summarize the stormwater activities planned to meet the goals of this MCM during the next reporting cycle (including an implementation schedule).

The Village will continue to operate a program of standard operating procedures to reduce pollution discharges to surface waters and to infiltration structures and will identify additional staff training seminars through the highway and/or building departments. With the reconstruction of a formerly Town-owned Park by the Village, the Village will develop SOPs for park space.
