FROM THE COMMANDER'S DESK:

Dear Fellow Members,

It has been almost 6 months since the creation of our post. During this time several meetings have taken place and the seeds for success have been planted. In the upcoming months my objective is to finalize a time and day for regular meetings. Your attendance at these meetings will be essential for the success of our post. It is understood that we all have obligations to our families, employment, etc. My only request is that you stay in communication with other members and help out in any way you can. This newsletter will serve as the current events for the post and will keep you abreast of all upcoming meetings. Until next time, stay motivated and God Bless America!

*Raymond Bush
Commander*
