

MAKE YOUR SCHOOL YEAR A HAPPY AND SAFE ONE!

It's time to get ready for another school year. Children can't wait to see their friends again and meet their new teachers. Their parents are also excited to see their children anticipate the coming school year.

**To make this a happy (and safe) school year,
please follow these safety tips:**

FOR CHILDREN:

- Wait patiently at the bus stop. Do not stand in the road.
- Be sure to buckle yourself in when sitting in the bus.
- Wait until the bus comes to a full stop before departing from the bus.
- If you walk to and from school, stay on the sidewalks and off the streets.
- If you are approached by a stranger, run to a neighbor's house and ask for help.

FOR ADULTS:

- Be aware of children crossing the street.
- When a bus flashes its red lights, the vehicle must stop.
- Do not pass or drive around a bus flashing its red lights.
- Observe all speed limits in school zones.
- Pay attention while driving. Avoid talking on your cell phone, texting or being distracted.

REMEMBER: THIS IS ONLY THE BEGINNING!
